

Minnesota Central Baseball

Presents

Team XBAT Summer Tryouts

Do you **THINK** you can play at the next level?

Jackson Does!!

Find out where you stand against other players nationwide!

Evaluate: Minnesota Central Baseball Staff will evaluate players during a pro-style workout on various aspects of the game including speed, defense, pitching, hitting and arm strength. Players will be measured according to what college scouts look for. MCB will inform players of what we are evaluating them on during each aspect of the workout, helping them prepare for the on-field evaluation.

Educate: Players and parents will take part in a brief seminar on the best ways to be recruited by colleges. They will learn the ins and outs of the recruiting game and things to ask and things not to ask when talking with college coaches!

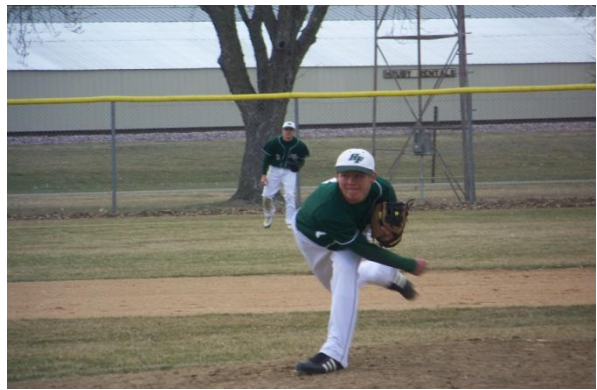

Give Feedback: Players can call in and speak with MCB and receive a verbal evaluation over the phone within 48 hours after the tryout. This phone call will let the

player know their college potential, suggest areas for improvement and let them know where they rate compared to thousands of high school baseball players nationwide. The call will also let the player know if they have been selected to the Florida Winter Workouts at Dodger Town on December 27th until Dec. 31st 2010.

What Am I Trying Out For?

Tryouts are open to players age 13-18

These tryouts serve as a selection process for Team XBAT Elite teams. Players who are selected will be asked to showcase their talents at the 2010 MCB Winter Workouts at Historic Dodger Town in Vero Beach Florida in the months of December.

Registration

Check the one you want to attend!

Minnesota__ (Green Isle Park in Green Isle, MN June 15th,2010 9-1pm)
